INTERNATIONAL ACTION**

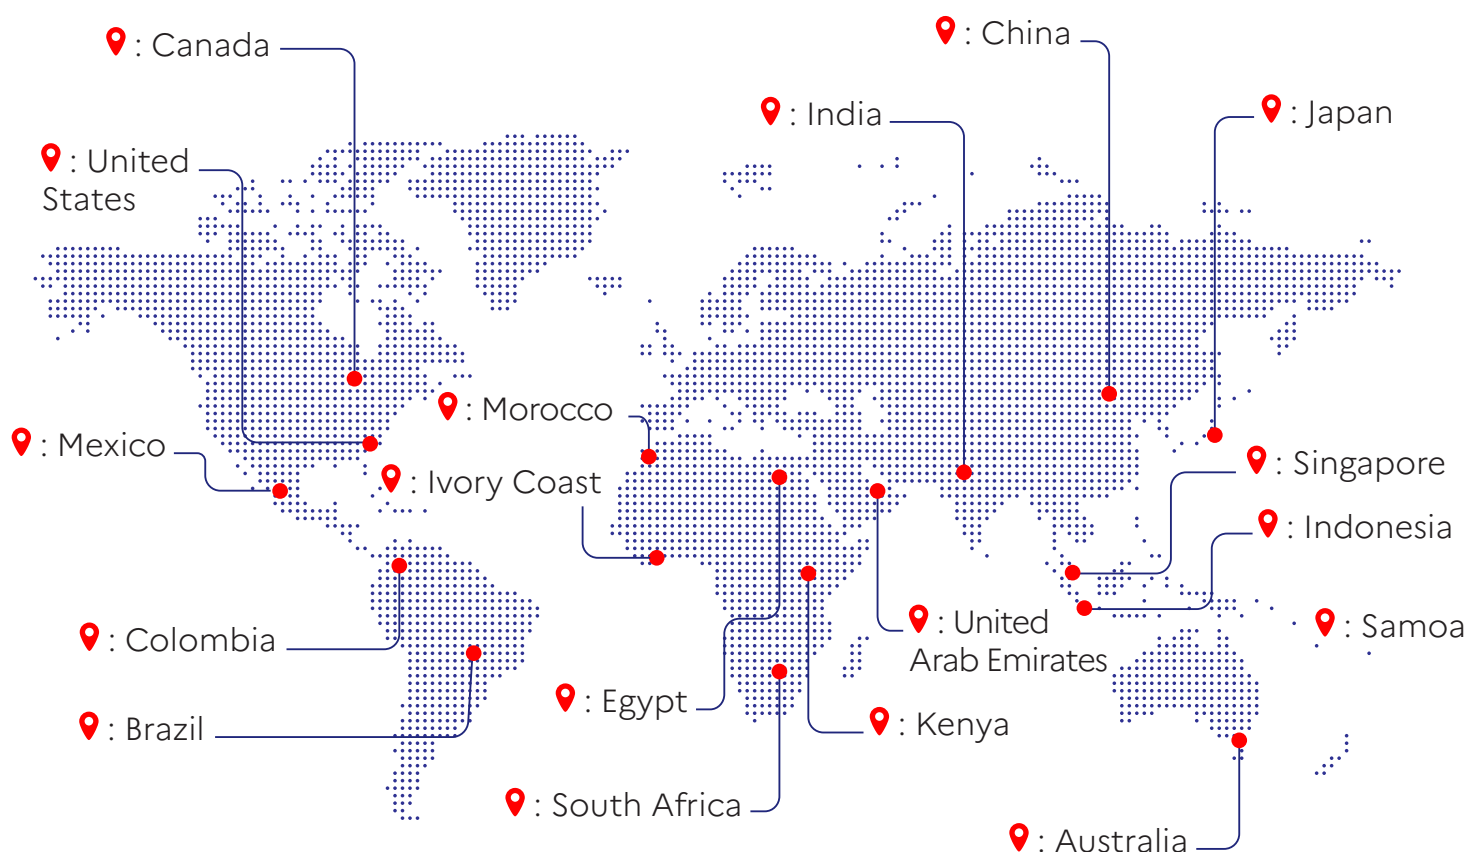

**At the heart of European  
and international policies**

# WHO ARE WE ?

The Directorate for European and International Action (DAEI) is a department of the French Ministries «Aménagement du territoire et transition écologique»'s General Secretariat. It relies on a team of officials based in Paris, La Défense, and a network of officials posted in European institutions, regional economic services of French embassies, international organisations and Permanent Representations of France.

## Our international network

## Our European network

## Paris La Défense DIRECTION TEAM

### Department for Strategy, Partnerships and General Affairs

#### « Strategy and General Affairs » Office

& international network support

#### « Partnerships, public agencies and Projects » Office

& financial instrument management (LIFE, FFGE, FASEP)

## WHAT DO WE DO ?

**The DAEI is responsible for the overall coordination of ministerial action at European and international levels in various areas of sustainable development.**

It is involved in multilateral and international bodies, steering and supporting ministerial positions within the European Union.

It promotes bilateral and multilateral relations to forge alliances, build partnerships and foster discussions and cooperation. It is also committed to rallying and driving stakeholder networks, helping projects to emerge and, thanks to its team posted abroad, enhancing the influence of ministerial policies.

The DAEI's action is in line with the ministry's European and international strategy, which includes four thematic priorities.

Fight climate change and decarbonise the economy

Preserve and restore biodiversity

Transition to a low-carbon, circular economy

Promote safe, equitable development respectful of human rights

## OUR LEVERS FOR ACTION

**Network management**

**Organisation of international events**

**Negotiations**

**Bilateral initiatives**

**Cooperation**

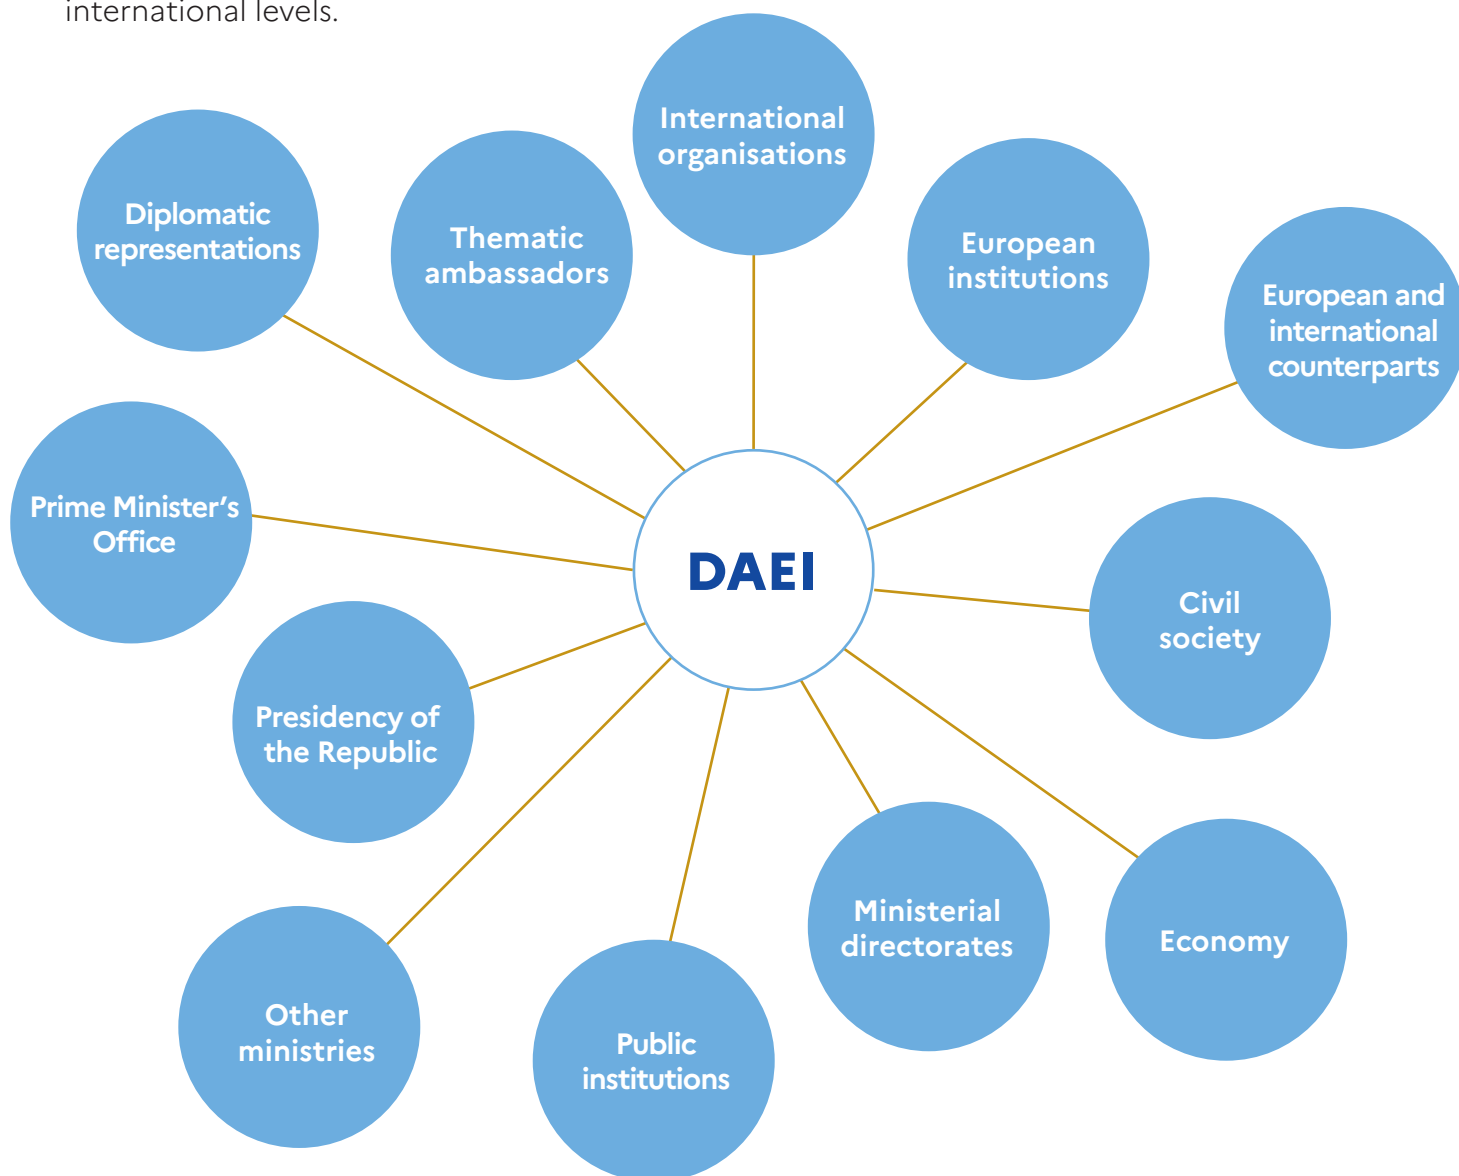

**Awareness-raising and mobilisation**

**Support of projects**

# WHO DO WE WORK WITH ?

The DAEI is at the heart of an extensive network of stakeholders at national, European and international levels.
